HOTLINE: ( **800** ) **483 - 2193**

Detox ( [detox.com](https://www.detox.com/) ) is a resource website.

We help individuals seeking addiction treatment with the facilities and resources that can aid their recovery. Not only do we help people get into rehab and receive the treatment they need, but we also provide the resources they need to help them in all stages of addiction—from contemplation about recovery to living a life of sobriety.

Our site offers a 24/7 confidential helpline, as well as an extensive list of [detox in local](#), and would be an excellent resource. No one should have to struggle alone.
